## Информация для родителей

Этот сборник предназначен для занятий на каникулах. Он содержит большое количество кроссвордов, головоломок, заданий на развитие памяти и внимания.

- Вся книга разделена на двадцать дней.

Каждый день ребёнок **записывает дату** и отмечает день недели:

Если ребёнок увлётся и хочет продолжить работу, то на следующей странице он пишет ту же дату и продолжает выполнять задания.

- Ключи даны во вкладке. У вас есть возможность вынуть вкладку из книжки: не будет соблазна подсмотреть ответ. Но если вы путешествуете, то лучше оставить вкладку на месте, чтобы она не потерялась.
- Обратите внимание: ключи мы даём вразбивку. Это делается для того, чтобы ребёнок, проверяя одно задание, случайно не увидел ответ к следующему. Страница, где дан ключ, указана в каждом задании следующим образом: **10**

Все номера на странице даны по возрастанию.

- В конце дня есть табличка **PERSONAL SCORE RECORD**.

В ней в скобках указано максимальное количество очков за каждое задание. Рядом ребёнок записывает количество набранных очков и общий итог.

### Personal Score Record

|             |             |
|-------------|-------------|
| 1. .... (3) | 5. .... (6) |
| 3. .... (7) | 6. .... (5) |

- Работать лучше карандашом. Это позволяет стереть возможную ошибку и выполнить задание ещё раз. Вернуться к заданию рекомендуется на следующий день.
- Первые пять дней задания даются на русском языке. Далее — на английском. Если ребёнок прочитал задание и не понял, как его выполнять, он может найти соответствующую формулировку на русском языке в задании, номер которого указан в скобках.

## ОТВЕТЫ НА ЧАСТО ЗАДАВАЕМЫЕ ВОПРОСЫ

### Вопрос 1. Почему нужно заниматься во время каникул?

Школьные каникулы, включая летние, осенние, зимние и весенние, длятся четыре месяца. За такое длительное время дети многое забывают. Вспомните космонавтов в условиях невесомости. Чтобы не потерять способность двигаться, им приходится заниматься на тренажерах. Наш мозг можно условно сравнить с мышцами: если его оставить без работы, он быстро растеряет знания и навыки, с таким трудом усвоенные в учебном году. Единственный способ не забыть то, что учил, — продолжать заниматься.

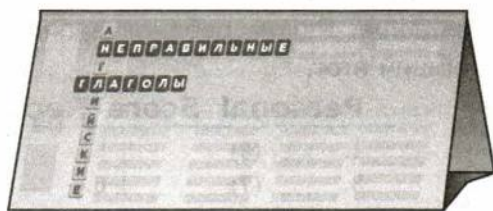

### Вопрос 2. Как заставить ребёнка заниматься на каникулах?

С нашими сборниками «АНГЛИЙСКИЙ ЯЗЫК НА КАНИКУЛАХ» заставлять не придётся. Детям очень нравятся головоломки, кроссворды, логические задачи. Задания доступные, увлекательные, интересные. Они активизируют внимание и мышление, тренируют память.

### Вопрос 3. Почему целая тетрадь посвящена неправильным глаголам?

Неправильные глаголы необходимо знать так же прочно, как таблицу умножения. Школьные учебники не отводят на изучение этой темы достаточно времени, поэтому возникает необходимость в дополнительной отработке.

В дополнение к тренажёру мы разработали специальную таблицу-домик. Его можно купить в интернет-магазине **Ozon.ru**.

### Вопрос 4. А сколько всего неправильных глаголов?

*Около четырѐхсот.*

### Вопрос 5. И все четыреста нужно выучить?!

Нет, конечно. В начальной школе достаточно выучить самые частотные. Это около пятидесяти глаголов. В средней школе словарь расширяется, нужно выучить ещё полсотни глаголов. Среди неправильных глаголов есть те, которые не входят в активный словарь школьника. Их мы учить не будем.

### Вопрос 6. Только неправильные глаголы имеют три формы?

Нет, все глаголы имеют три формы: и правильные и неправильные.

Собственно, глаголы называются неправильными потому, что при образовании второй и третьей формы они «не желают» подчиняться правилу. Во всём другом они ничем не отличаются от правильных.

### Вопрос 7. В школе дети учили только вторую форму. А тренажёр даёт ещё и третью.

Дело в том, что грамматические структуры, в которых употребляется третья форма, изучаются в 5–6 классах. Но учить сначала только вторую форму, а через два года третью — неэффективно. Если **выучить все формы** заранее, то в средней школе сложный материал будет усвоен быстрее и прочнее. Не придётся делать двойную работу. Такой подход экономит силы и время, и в старших классах больше внимания можно будет посвятить устной речи.

### Вопрос 8. Почему лучше выполнять задания карандашом?

Если ребёнок пропустил слово или неправильно написал его, то балл не засчитывается. Работа карандашом позволяет стереть написанное, выполнить задание ещё раз и получить максимальное количество очков.

### Вопрос 9. Тетрадь рассчитана на двадцать дней. А что делать в оставшиеся дни каникул?

Можно использовать другие сборники серии «Английский язык на каникулах». Следите за новинками на нашем сайте.

81. (47) Read the clues and find the answers to the questions. Don't read the answers until you have done exercise 82.

Three boys made bird houses.

From the picture and clues below can you match each bird house (A, B and C), with the name and age of each boy (8, 10 and 12) and the colour of the roof<sup>1</sup> of each bird house (black, brown or grey)?

1. Paul was the oldest boy and he made bird house A.
2. Bird house C had a black roof. The boy who was younger than Andrew made that bird house.
3. The boy who was 10 years old made the bird house which had a grey roof.
4. The name of one of the boys was Peter.

<sup>1</sup> roof — крыша

| name   | bird house |   |   | age |    |    | roof  |       |      |
|--------|------------|---|---|-----|----|----|-------|-------|------|
|        | A          | B | C | 8   | 10 | 12 | black | brown | grey |
| Paul   |            |   |   |     |    |    |       |       |      |
| Andrew |            |   |   |     |    |    |       |       |      |
| Peter  |            |   |   |     |    |    |       |       |      |

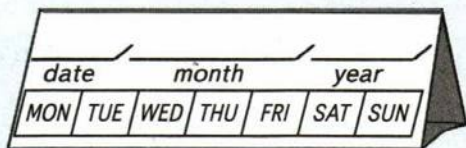

**82. (48)** Read the solution to the puzzle. **was, were, had or made?**

Paul ..... 12 years old. He ..... bird house A (Clue 1). Bird house C ..... a black roof. The boy who ..... younger than Andrew ..... that house. It means that Andrew ..... 10 and Peter ..... 8 (Clues 2 and 4). Peter ..... bird house C. That means Andrew ..... bird house B with a grey roof (Clue 3). So bird house A ..... a brown roof.

That means that Marina, Vlad and Anton didn't ..... lemonade. Anton ..... tea, as the girls didn't ..... tea and Vlad ..... juice. Tamara ..... lemonade, so she ..... chicken (Clue 7). So Marina ..... pizza and ..... mineral water.
