PRACTICE SPREAD

UK/US idioms Some idioms are specific to UK or US English. These are labeled (UK) or (US).

Space for writing You are encouraged to write your answers in the book for future reference.

Audio support All teaching modules are supported by audio recordings to help you recognize and pronounce spoken vocabulary.

Idioms and expressions

Idioms can be one of the most difficult parts of a language for learners to understand and use correctly. *English for Everyone: English Idioms* includes over 1,000 of the most common and useful English idioms, along with set expressions and easily confused words.

IDIOMS

Idioms are expressions that cannot be understood literally. For example, "like two peas in a pod" has nothing to do with peas, but means two people look alike.

Idiomatic expression

Mateo and his brother Lucas are **like two peas in a pod**. I can't tell them apart.

SET EXPRESSIONS

Some of the expressions in this book are not idioms, but particular common combinations of words. Learners often make mistakes when they use these set expressions.

Set expression

Shreya's going to **have a baby** this summer.

EASILY CONFUSED WORDS

This book also includes two units on words that are easily confused by English-language learners, such as "say" and "tell."

When you use "say", you don't have to state who a person is talking to.

"Oh, no," **said** Kayleigh. "I've left my school bag on the bus with all my homework in it."

When you use "tell", you must state who a person is talking to.

Kayleigh had to **tell** her teacher that she had left her homework on the bus.

Audio

English for Everyone: English Idioms features extensive supporting audio resources. Every expression and sentence in the teaching spreads is recorded, and you are encouraged to listen to the audio and repeat the phrases and sentences out loud, until you are confident you understand and can pronounce what has been said.

SUPPORTING AUDIO

This symbol indicates that audio recordings of the idioms and sentences in a module are available for you to listen to.
