Fly High

Activity Book

Fly High is a motivating four-level course for young learners that integrates grammar and skills in a fun and engaging way.

Fly High 1 offers an enjoyable introduction to English for children starting at the beginning of the school system. It aims to develop a positive attitude to English through motivating activities, songs and chants.

Key vocabulary and structures are presented in humorous cartoon stories, featuring the Fly High characters, and regularly recycled.

The alphabet is introduced after the first semester, and active reading and writing skills are developed gradually to build children's confidence.

The Activity Book provides plentiful practice to consolidate children's learning, including activities to practice motor skills, handwriting, word and phrase recognition, tracing, copying and writing.
