ПРЕДИСЛОВИЕ

Основная цель пособия — контроль знаний, умений и навыков, полученных учащимися в процессе изучения английского языка по УМК «Spotlight» за 2-й класс.

В пособие вошли тесты по пяти основным модулям и по теме «Алфавит». Для каждого модуля составлены два варианта тестов, аналогичных по уровню сложности. Каждая работа состоит из четырёх заданий, направленных на проверку знаний лексических единиц, речевых оборотов, грамматических конструкций, изученных в каждом модуле.

Выполнение заданий предполагает полностью самостоятельную работу ученика без использования учебника, рабочей тетради, словаря и других справочных материалов. Все задания выполняются непосредственно в представленном пособии. На выполнение работы отводится 10–15 минут.

Для самопроверки в пособии представлены ответы на задания.
