# ПРЕДИСЛОВИЕ

Основная цель пособия — контроль знаний, умений и навыков, полученных учащимися в процессе изучения английского языка по УМК «Spotlight» за 4-й класс.

В пособие вошли тесты по основным модулям учебника. Для каждого модуля составлены два варианта тестов, аналогичных по уровню сложности. Каждая работа состоит из заданий, направленных на проверку знания лексических единиц, речевых оборотов, грамматических конструкций, изученных в каждом модуле.

Выполнение заданий предполагает полностью самостоятельную работу ученика без использования учебника, рабочей тетради, словаря и других справочных материалов. Все задания выполняются непосредственно в представленном пособии. На выполнение работы отводится 20–45 минут в зависимости от объёма модуля.

Для самопроверки в пособии представлены ответы на задания.
